- Solution Designing
- Implementation using C++
- Decision Making
- Flowchart
- loops
- arrays
- Function
- Pointers
- Classes and objects

On the last day, an assessment was carried out and certificates were awarded to the students, who had satisfactorily completed the course. Ms. Shweta Shah proposed the vote of thanks at the end of the session. The course was organized for 30 hours, 2 hours daily for 15 days.

CPBFI Batch Performance Report

To
The Principal and CPBFI Coordinator,
Chameli Devi Group of Institutes
Indore
Madhya Pradesh

We are pleased to share the Batch Performance Report in respect of Batch Number 1 (CPBFI Batch Number 186) conducted at your college/institute from Nov 9th 2020.

Our official training partner for the batch was Centre for Investment Education and Learning (CIEL). The batch was conducted online.

RESULT: Number of students eligible for certificates - 26; Passing Ratio - 60.47%.

Student Profile Details:

First Generation Graduates	26 (53.1%)
Socially weaker Categories (OBC/SC/SBC/ST/NT)	27 (55.1%)
Female students	32 (65.3%)
Educational Backgrounds	BBA. - 1 (2.0), M.BA. - 48 (98.0%)

1. Student Participation Details:

Enrolment Details	No. of students	Participation	No. of students
Enrolment	49	Pre-assessment	48
Cancellation	2	Post-assessment	44
Drop-outs	4	Pre-CPBFI Interview	42
Regular Students	43	HR Workshop	23
Drop-out Ratio	8.51	Feedback Survey	40

The student participation in the programme is driven by (a) the relevance of the programme in their individual career plans, (b) their understanding and conviction about the programme value and (c) their investment in the programme. A combination of all these factors leads to high participation.

Chameli Devi Group of Institutions

2. Attendance Details

Attendance is driven by (1) certification eligibility criteria (CPBFI requires minimum 65% attendance), (2) training quality, which is a combination of trainer’s command over subject, the pedagogy used and students’ participation and (3) students’ willingness and ability to attend. Non-availability of infrastructure and mandatory college events or family events have a big influence on students’ ability to attend.

3. Performance in online Assessment Tests – Average Scores

(# - Performance of students with above 85% and below 85% attendance)

Performance in online assessment tests is driven by the attendance and attentiveness of the students and by the training quality of CPBFI trainers. Students with higher attendance typically perform better than others.

4. Interview Performance

	Attended	Shortlisted	Success Rate
Pre-CPBFI Interview (PCI)	42	10	23.81%
HR Workshop (HRW)	23	17	73.91%

	No. of students	% of total
Attended both rounds	22	
Not successful in PCI but successful in HRW	10	45.45%
Functional skill rating improved	15	68.18%
Personality and Confidence rating improved	12	54.55%
Communication skills rating improved	10	45.45%

Students appear for mock interviews before and after the CPBFI training. The pre-CPBFI interviews are conducted like campus interviews whereas the post-CPBFI interviews during HR Workshop are conducted like real job interviews for a specific role. Students are assessed on different competencies. Shortlisted candidates are considered employable for the industry, meaning they have reached the expected level of employability after CPBFI. The improvement in shortlisting ratio and improvement in ratings in respect of important competencies indicate effectiveness of CPBFI.

5. Student endorsement

Voice of students	% strongly agree

7. Feedback about faculty:

Faculty Name	Subject	% of students#
Melvin Rose	Banking	75.00
Jayesh Kothari	Insurance	80.00
Oswin Rose	Communication	87.50

% of students that have rated the respective faculty as "Excellent".

Feedback about individual trainers help in assessment of the trainers and their delivery quality. These ratings are used to identify best trainers for each subject and to plan supporting interventions for trainers that are not at par.

8. Comments from Bajaj Finserv CPBFI Team:**• What worked well -**

The batch has shown some improvement between PCI & HR Workshop. The overall feedback of the batch was also Exceptional.

• What could have been better -

There were about 20 students who did not appear for the HR Workshop. They would have learnt a lot from the experience. The passing ratio of the batch was less than 60% and many students have failed because of their low attendance and low improvement in scores. The expectations were high from the students in assessments.

We place on record our appreciation for the efforts put in by the coordinator, Dr. Varun Keshari, and other staff in making the batch successful. Overall, the students have completed the programme and we are confident, every one of them has a successful career ahead!

Thank you!!
