

INVENTION DISCLOSURE FORM

1. Title of Invention:

2. Applicant details: Applicant can be Institute / Owner/ Inventor (s)

3. Inventor(s) Details:

Sr. No.	Inventor's Name	Educational Qualification	Organization	Communication Address / Contact Details	Nationality	Remark If Any
1						
2						
3						
4						

4. Details of Invention

4.1 Explain in detail various aspects/ working of your invention. You may include flowcharts, drawings, and any sketches which may aid understanding the invention.

4.2 Disclose any relevant prior art to your invention. Please state similarities and dissimilarities between stated prior art and your invention.

4.3 Which technical problem is solved by your invention?

Not Applicable as far as designed Registration is concern.

4.4 What economic advantages are achieved by your invention?

Not Applicable as far as designed Registration is concern.

5. Supplementary Information

5.1 Date of conception of this invention

5.2 Is the invention been practiced / put into physical use? If yes then when, where and how?

5.3 Have you developed a prototype of this invention?

5.4 What stage of development/ completion is this invention?

5.5 Have you disclosed this invention to anyone? If yes then when and how?

5.6 Is this invention developed in context of a project/ agreement with a third party/ or an assignment?

I/We hereby affirm that aforementioned inventors are the true and first inventors of the invention, and not other person has contributed to this invention.
