

## **\*\*PHARMA CLUBS\*\***

**Chameli Institute of Pharmacy Indore** provides numerous opportunities for students to pursue their interests, develop leadership skills, and grow into well-rounded persons. In pursuit of these objectives, the institute has established various student clubs overseen by the Student Activity Committee. These groups are student-led projects, with faculty mentors providing assistance and encouragement.

A club President's responsibilities extend beyond planning activities to creating an inclusive and vibrant environment that encourages constructive dialogue, teamwork, and personal development. The institute's student groups cover a wide range of topics, including cultural, sports, entrepreneurial, creative, and sustainability activities.

Each club has a set leadership system that includes a President, Vice President, and Secretary, all of whom have specific roles. Presidents are in charge of strategic direction and planning, Vice Presidents handle logistics and resource coordination, and Secretaries manage communication and administrative operations.

1. **Cultural Club:** The Cultural Club celebrates diversity, creativity, and tradition. It provides students a platform to explore art, music, dance, and literature from different cultures. Through events and activities, the club promotes unity, confidence, and appreciation of cultural heritage.
2. **Pharma Anthenium Club:** The Club is a premium professional platform uniting pharma leaders, innovators, and achievers. It fosters learning, networking, recognition, and growth through exclusive events, knowledge sharing, and collaboration.
3. **Pharma Clinical Skills Club:** The Club empowers students to build practical competencies in clinical pharmacy. Members practice patient counseling, case analysis, pharmacovigilance, documentation, and evidence-based decision making through workshops, simulations, guest lectures, and collaborative learning. The club bridges theory and real-world healthcare, fostering confidence, professionalism, teamwork, and ethical practice, and leadership skills.
4. **Pharma Entrepreneurship Club:** The Club inspires students to innovate at the intersection of pharmacy, healthcare, and business. It nurtures entrepreneurial skills, supports startup ideas, promotes industry interaction, and empowers future leaders to create impactful pharmaceutical solutions for society.
5. **Pharma Health Awareness Club:** The Club promotes knowledge, prevention, and responsible healthcare practices. We organize seminars, campaigns, and community outreach to educate students about medicines, public health, and wellness. Our

## \*\*PHARMA CLUBS\*\*

mission is to inspire informed choices, healthy lifestyles, and future leaders dedicated to improving healthcare outcomes through collaboration, innovation, and ethical values.

- Pharma Tech Club:** The Club bridges pharmaceutical sciences and technology, fostering innovation, research, and skill development. The club empowers students through workshops, seminars, industry interactions, and hands-on projects. It encourages collaboration, creativity, and leadership while preparing members for emerging careers in pharma and healthcare technology.
