Transforming careers with
innovative education

About CDGI

The renowned Agarwal Group of Indore was established in 1996, with a far sighted vision under the able leadership of its group Chairman Shri Purushottam Agarwal. Later on, in the year 1980, Shri Vinod Kumar Agarwal joined the group who was then followed by Shri Sanjay Kumar Agarwal in the year 1985, together they widened the operational spectrum of the group.

In 2006 the group laid the foundations of CDGI when there was dire necessity to have a top class technical institute that could remain committed towards academic and technological excellence. The ideology behind establishing CDGI was to

create technocrats who could add value to society through their innovations and unique creations.

CDGI is located in a sprawling 15 acre, lush green campus on Khandwa road. It is approved by AICTE, New Delhi and affiliated to Rajiv Gandhi Technical University (RGTU), Bhopal, Devi Ahilya Vishwavidyalaya (DAVV), Indore and Pharmacy Council of India (PCI), New Delhi.

The institute is a recipient of the prestigious Times Icon 2018 Award in Engineering and My FM (Bhaskar Group's) Excellence in Education Award for 360 degree exposure to students.

Training & Placement at CDGI

The Department of Training and Placement at CDGI is vibrant and strives hard to provide maximum placement opportunities to the final year students of all the branches.

Campus Recruitment:

The team at T & P Department puts in maximum effort to associate with company officials and invite them to visit the institute for campus recruitment. Every year more than 120 companies provide recruitment opportunities for CDGI students.

360 Degree Development:

T & P department works for students 360° development to make them industry ready and self-sustainable. Students are engaged round the year in various industry linked programs and activities like: expert talk series, live projects, panel discussions, workshops, industrial visits, internships, technical training, assessment and career counseling. Also, students participate and organize multiple events in categories like Social activities, Youth Engagement, Career Development and Entrepreneurial activities which help them in grooming their overall personality.

Cells at CDGI

Entrepreneurship Cell: I-FAME

- I-FAME (Innovation @ Fulcrum of Ability Motivation and Energy) is the innovative Entrepreneurship Cell of CDGI.
- The advisory board of E-Cell comprises of well-known entrepreneurs from all over the country. The board members guide the students from time-to-time to nurture entrepreneurial instincts in the students and become self-reliant.
- E-Cell on its own and in collaboration with NEN organizes various entrepreneurial activities like entrepreneurial talk shows, stand up acts, treasure hunt and food carnival.

Skill Development Cell

- Skill Development Cell offers industrial training programs which aim to provide skill enhancing practical training. The trainings are imparted at leading manufacturing, service and R&D organizations.
- Since Inception, the department has provided Industrial training to a total of 181 students belonging to: Mechanical Engineering (109 students), Civil Engineering (49 students) and Electronics & Communication Engineering (23 students).

Alumni Relations Cell

- Alumni Relations Cell is a well synergized group that is created with a primary aim of maintaining cordial and sustained relations with our alumni. It has a mobile app through which our students can stay in touch with Alumni who are working successfully in the corporate world.
- Various Alumni events are organized round the year at prime places like, Bangalore, Pune , Mumbai and Delhi which have a high concentration of CDGI alumni.
